

WeNiPol

Specification:

Housing – Aluminium.

Weight – Approx. 50kg.

Size of sign (mm) – 600.

Upper LED area – 700 x 600.

Lower LED area – 700 x 100.

Light source – 15° LED.

LED raster – 15mm.

LED/m² – 4.444.

Light intensity (CD/m²)

Red – 14,000.

White – 18,299.

Amber – 12,700.

Voltage – 12/24v.

Power consumption with 100% brightness (depending on text and symbol) – 2-3.6 A.

Automatic brightness adaption (BS specification) – Continuous 8-100% also manually adjustable 5-100%.

Photometric values – According to European norm EN12966 BS compliant.

GPS sensor – Optional.
